

31.03.2013

protects the intellectual property rights of others, and we ask our users to do the same. Provider reserves the right, at its sole discretion, to remove or disable access to the content of users who may be infringing the intellectual property rights of others, as described more fully in the General and Specific Terms.

any changes to the terms of this Copyright Policy, and all such changes will be posted on the website.

has been copied, framed or otherwise displayed on this website or the wapsite (the "Sites" ) in a way that constitutes copyright infringement. If you believe that your intellectual property rights have been otherwise violated, please provide Provider's agent ("Copyright Agent") for notice of claims of copyright or other intellectual property infringement the following information:

- Signature of the person authorized to act on behalf of the owner of the copyright or other intellectual property interest;
- Identification of the copyrighted work or other intellectual property that you claim has been infringed;
- Identification of the material that you claim infringes on the intellectual property and the location of such material;
- Your name, title, company, address, telephone number, fax number, and email address;
- A statement that you have a good faith belief that the disputed use is not authorized by the copyright or intellectual property owner, its agent, or the law;
- A statement, under penalty of perjury, that the information in your Notice is accurate and that you are the copyright or intellectual property owner or an authorized agent on behalf of the copyright or intellectual property owner's behalf.

can be reached by [e-mail](#) , which address you can find on the Sites and/or through our Services and by phone, which number you can find on the [Contact Information](#). In addition the Copyright Agent can be reached on Provider's address, as described in the [Specific Terms and Conditions](#).

Provider reserves its sole discretion, to refuse or to delete any allegedly infringing content, whether or not any such notification as described above has been received, and to disable access to such content for any reason it deems to be unsuitable. After receiving a notice of infringement that complies or substantially complies with the requirements of your country (as set out above), unless Provider believes the content not in fact to be infringing, Provider will act expeditiously to remove or disable access to the infringing content claimed to be infringing or claimed to be the subject of infringing activity. Provider will take reasonable steps to notify the user who created or posted the relevant content that it has removed or disabled access thereto.
